Methodist Conference Favors Selection of Colored Bishop.

TWO NEW BISHOPS PROVIDED FOR.

After a Lively Debate the Majority Report of the Committee on Episcopacy Is Adopted by the Delegates.

Chicago, May 15.—The general conference of the Methodist Episcopal church voted to increase its board of general superintendents by two thus adopting the majority report of the committee on Episcopacy.

Chicago, May 15.—The program for the session of the Methodist general conference included the report of the committee on Episcopacy and balloting for election of bishops and resulted in an unusually large attendance. Bishop Isaac W. Joyce was the presiding officer.

After considerable routine, Dr. John Handley of New Jersey introduced a resolution which resulted in an uproar. It was that "the British colors be given a place alongside the Stars and Stripes on the platform of this convention." A storm of "noes" went up from the delegates when the resolution was read, but Dr. Handley finally secured silence and made a passionate appeal for the resolution. "The British flag all over the world has given to missionaries the protection which encourages us in the great work of preaching the gospel. It stands for the open Bible in every community. The American and the Britons have locked arms to close the century with one united effort to destroy the crescent and lift the Cross in the east."

Dr. Handley's remarks for the moment apparently turned the tide in favor of the resolution but after several delegates, including W. J. Welch of Wyoming, had spoken against it, a motion to lay on the table, made by Dr. S. P. Cadman of the New York conference, prevailed.

At 10 a. m. the roll call for resolutions and memorials was laid aside and Dr. Buckley took the platform to read the report of the committee on episcopacy.

Report No. three, on the effectiveness of bishops, recommended that James M. Thoburn, missionary bishop of India and J. C. S. Hartwell, missionary bishop of Africa, be declared effective and that William Taylor missionary bishop of Africa, remain in his present relation. Report number five was then read. This was on the election of a bishop of African descent. It read: "There should be no discrimination on account of race or color. Men should be chosen because of worth and fitness of the person. We believe the time has come when the general conference may safely and wisely chose a bishop from among the 1,700 ministers of African descent and we recognize the need of a bishop among the people of African descent." This, too, was adopted amid great applause.

For Additional Bishops.

Dr. Buckley then read the report on the election of additional general superintendents. "The committee on episcopacy recommends that two general superintendents be elected by this general conference," said Dr. Buckley. "I have to announce a minority report," said he. "In fact the division of the committee involved the offering of a second minority report."

Dr. Buckley then moved the adoption of the report and the fight over the question of additional Bishops was on. Governor Leslie M. Shaw of Iowa was recognized to present minority report number one.

It was "that no more bishops be elected at this session of the conference" and in a strong speech Governor Shaw moved its substitution. "Six bishops can hold all the annual conferences in 18 weeks" said he amid great applause. "If you add more bishops they will be busy not with the work of the episcopacy."

Dr. Robert Forbes of the Minnesota conference then presented minority report number two, moving as an amendment to the minority report presented by Governor Shaw that four bishops be elected by this general conference. "There ought to be a Methodist bishop in every great city in this country," said he, "and they should be appointed to their places not on seniority, but for the work they may do."

Dr. J. H. Potts of Detroit, editor of the Michigan Christian Advocate, then spoke in favor of the majority report.

Amid a perfect babel of voices clamoring for recognition, the previous question was moved and ordered by a

majority of 93 votes and at 11:40 a. m., after a debate of nearly two hours, Dr. Buckley was recognized to make the closing argument in favor of the majority report.

The first vote was on the amendment to the substitute, the amendment providing for four bishops. This was overwhelmingly voted down. The sub-report opposing the election of any additional bishops was then put on its passage. This too was defeated by a standing vote of 419 to 224 ayes.

The majority report was then put on passage and carried by about the same vote.

A motion by Dr. Buckley that the convention proceed to the election of bishops was then adopted amid considerable confusion.

IN HONOR OF FARRAGUT.

Ceremonies at the Birth Place of the Naval Hero.

Knoxville, Tenn., May 15.—The final day of Admiral and Mrs. Dewey's tour was spent at Lowe's Ferry, 13 miles west of Knoxville, the birthplace of Admiral Farragut, under whom Dewey served in the civil war. The admiral and party accompanied by various reception committees and members of the Daughters of the Revolution and many citizens left the city by boat for the birthplace. Arriving there near noon, the site of the old Farragut homestead was visited. There Admiral Dewey formally unveiled the marble shaft erected to mark the birthplace of the first admiral. Upon it is engraved "Birthplace of Admiral David Glasgow Farragut, born July 5, 1801. Erected by Bonny Kate Chapter D. A. R., Knoxville, Tenn. Dedicated by Admiral George Dewey, May 15, 1900."

Following the unveiling, Admiral Dewey made an address in which he paid high tribute to Farragut and recounted his associations with him. Addresses were also made by Mrs. Charles A. Perkins, representing the D. A. R., Colonel L. D. Tyson and Judge O. P. Temple. The latter presented Admiral Dewey with a handsome miniature of Admiral Farragut, done by Lloyd Branson, of this city. It is on ivory in a case upon which is engraved "Presented to Admiral Dewey on the occasion of his visit to Farragut's birthplace, Knoxville, Tenn. May 15, 1900." The party returned to the city in the afternoon, where a final reception was tendered Admiral Dewey by the Cumberland club. Admiral Dewey and party left at 6 o'clock for Washington.

For White Democrats Only.

Atlanta, Ga., May 15.—A Democratic white primary is being held in every county in the state for the choice of United States senator, congressmen from the 11 districts, state house officers, members of the general assembly, judges of the supreme and judges and solicitors of the superior courts and in many of them for county offices. In the Third congressional district, Congressman Lewis is opposed by Judge Allen Fort. The fight has been very bitter. The result of the primary means election. According to the rules of the party in Georgia only white Democrats are allowed to vote. The executive committee of each county will meet and consolidate the vote cast when the committee will name delegates to the state convention.

A Slap at Croker.

London, May 15.—The Express advocates the ostracism of Richard Croker in England in revenge for Tammany's attitude on the Boer war. It says: "It has not escaped notice in this country that an American welcome to the Boer delegates has been inspired and encouraged by Tammany Hall which is controlled by the notorious boss, Richard Croker. The records of Tammany are already black enough without the addition of this new infamy. What makes the action of Tammany particularly infamous now is the fact that Croker claims this hospitality of an English domicile passes as an English country gentleman and runs race horses on the English turf, yet is aiding and encouraging the worst of England's enemies."

Unitarian Conference.

Chicago, May 15.—The 46th annual meeting of the Western Unitarian conference began here and will continue until Thursday night. The conference belongs to the American Unitarian association. It includes the churches in the states of Illinois, Minnesota, Wisconsin, Michigan, Nebraska, the Dakotas, Missouri, Ohio and Kentucky, numbering 100 and with a membership of 25,000. In connection with the conference the third session of the Western Ministers Institute and the 27th annual session of the Western Unitarian Sunday school society are being held.

Lisbon, May 15.—It is rumored here that President Kruger has ordered the Portuguese consul to leave the Transvaal republic.

BOER PEACE ENVOYS.

Arrival of the Steamer With the Trio on Board at New York.

GENERAL BULLER ENTERS DUNDEE.

London War Office Gives Out Messages Received From the Commander of the British Forces in Natal.

New York, May 15.—The steamer Maasdam, from Rotterdam, which has on board the Boer peace envoys, Fischer, Wolmarans and Wessels reached quarantine about mid-day.

The revenue cutter Hudson, with the reception committee on board went down the bay to meet and welcome the delegates.

Those on board were William Van Rennselaer, ex-Judge George M. Van Hoosen, Alderman Kennedy, Theodore M. Banta, Councilman Oakley, P. Louder Wessels, Charles D. Pierce, consul general of the Orange Free State, Alfred C. Hassaudland, Bernard Voute.

The cutter escorted the Maasdam up the river to the docks in Hoboken.

Judge Van Hoosen welcomed the envoys saying: "We are a committee of citizens of New York who sympathize with your country in its struggle for liberty and independence and who wish to make your visit to the city of New York agreeable to you personally and advantageous to the nation of which you are the representatives. In the near future we will extend to you a more formal reception, but on this occasion we simply say 'welcome.'"

Will Ask For Protection.

New York, May 15.—According to a Pretoria correspondent the commission composed of Messrs. Fischer, Wessels and Wolmarans, and representing the republics of the Transvaal and Orange Free State which is expected to arrive here is empowered to take important action. Rather than see their country conquered by England, the commissioners are empowered to ask the United States to assume a protectorate over the republics, this protectorate to tend, if desired toward eventual annexation as territories or states.

Messages From Buller.

London, May 15.—The war office furnishes confirmation of the story telling of General Buller's move on the Biggarsburg. The first message told of the preliminary attack on May 13 when the Boers retired from the Biggarsburg. Five British were wounded. A second dispatch dated May 14 says: "The enemy evacuated Helpmaakar Nek during the night, leaving a rear guard of about 1,000 men in front of us. These we have forced back throughout the day under considerable difficulties, as they fired all the grass on top of the berg as they retreated, and the wind being unfavorable to us we were scarcely able to see at all. I halted the infantry who marched very well through the hot smoke at Peith. The cavalry have not yet reported but are some miles ahead. We have taken a few prisoners. Our casualties are small." A third dispatch dated from Kemp Farm, May 15, says: "Dundonald reported that he had driven the rear guard to the main body of the enemy near Buralinden, where they occupied in force a strong position with three powerful guns. Major Gough, with the Composite regiment maneuvered to the right round their left flank and they retired. Dundonald then halted. He was 25 miles as the crow flies, from his previous night's bivouac, and had covered nearly 40 miles during the day in a waterless country most of the time riding through smoke. I think his pursuit a very fine performance. From prisoners I learn that the enemy numbered over 2,000 at Helpmaakar and being now joined by those who left Van Jonders Pass they must total nearly 3,000 men." The reoccupation of Dundee by the British places the coal supply there again in their hands.

Message From Buller.

London, May 15.—The war office has received the following dispatch from General Buller at Dundee: "We have occupied Dundee. About 2,500 of the enemy left Monday for Glencoe where they entrained. Their wagons also left by De Jaeger's drift and the Dannhauser road. Their Kaffirs said they were going to Laings Nek. Almost every house in Dundee is completely looted. The navigation colliery is all right. The machinery of the Dundee collieries is destroyed. The houses of the town are damaged but are structurally intact."

The Boers Checked.

Brandsdrift, May 15.—General Run

has completely checkmated the attempt of the Boers to come south again and the enemy are retiring before the persistent advance of the British. Many have been captured or are surrendering. There were 150 of these among them President Steyn's brother. The Ladybrand district is clear of Boers. They have evacuated Mequatting Nek and are now near Lindley.

Both Sides Lost.

Lorenzo, Marques, May 15.—The Boers, Saturday, occupied the Kaffir location at Mafeking. They were in turn attacked during the night of Saturday and on Sunday found themselves surrounded. The Boers lost seven killed and 17 wounded. The British loss is reported to have been heavy.

ST. LOUIS POLICEMEN

Guard Laborers While They Clear Streetcar Tracks of Rubbish.

St. Louis, May 15.—The strike on the Suburban street railway companies' system having been settled cars on that road began running as usual. In pursuance of the agreement reached a large number of the strikers have returned to work.

All the police officers who had been guarding the suburban's cars and other property since the strike began were ordered to other scenes of activity. This left the police department with a larger force of men with which to help operate the lines of the St. Louis Transit company and guard the laborers of the street department who numbering several hundred were engaged in removing obstructions of various kinds and debris from the tracks all over the city.

The trolley wires of the Laclede avenue line of the St. Louis Transit company were cut in two places between Theres and Spring avenues some time during the night. Eleven union steel workers are locked up at the Eighth district police station, suspected of complicity in the offence.

Of those arrested, on the person of J. W. Odell, were found two pairs of wire cutters, a bunch of small steel saws and rubber gloves. C. Crouch and Charles McDonald each had a revolver. Warrants will be asked for the later two on the charge of carrying concealed weapons. The others will be held for investigation.

About half an hour after this the police arrested John Smith west of Grand avenue with a revolver in his possession. The police also found a long stick with a saw attached which had evidently been used for cutting trolley wires.

A Young Man Shot.

St. Louis, May 15.—Thomas King 22, who was in a crowd of men and boys that stoned a transit company's repair wagon was shot and badly wounded by one of the men in the wagon. Additional complaints relative to the obstruction of railroad mail cars were filed with the United States authorities here.

Cause For Rejoicing.

Wichita, Kas., May 15.—Specials from different points in Oklahoma indicate that the passage of the free homes bill has caused general rejoicing and the entire territory is celebrating. A good fall of rain during the night much needed by the drying crops, added to the exuberance of spirits.

The Government's Position.

Washington, May 15.—The attention of Secretary Gage was called to a dispatch from Chicago to the effect that non-union men would be employed on the Chicago postoffice building and that the government would be dependent upon to protect them. The secretary said the government had a contract with John A. Pierce for the construction of the building and that it was for him to decide as to what means and methods he would employ in executing his contract. No one, the secretary said, had any right to assume that the government would take any hand in a controversy between Mr. Pierce and the labor unions if such controversy should arise.

Alger Blamed.

Washington, May 15.—Following the publication of Inspector General Breckinridge's recommendations that army inspectors be permitted to inspect Cuban civil accounts there has come a disposition in certain quarters to transfer to the shoulders of General Alger all the responsibility possible. He is blamed for the appointment of Director Rathbone and of the postal auditor, and secondly because he ignored General Breckinridge's first cabled recommendation permitting the auditor to continue also the inspection of postal accounts.

Distress In Famine Districts.

Simla, May 15.—Terrible accounts are received of the distress which prevails in all the famine districts, despite the lavish distribution of funds.

CLARK FROM MONTANA

Decides to Resign His Seat In the United States Senate.

HE MAKES A PERSONAL STATEMENT.

The Senator Discusses at Length the Character of the Investigation and the Majority Report of Committee.

Washington, May 15.—Senator Clark of Montana announced his resignation from the United States senate after making a lengthy personal statement. Mr. Clark read a letter dated May 11, announcing his resignation.

At the conclusion of Mr. Clark's speech many senators crowded around him and shook his hand most cordially. As soon as order was restored, Mr. Chandler asked that the consideration of the resolution declaring the seat vacant be postponed for a day, which was done.

Senator Clark announced his resignation as follows: "Acting upon my own judgment and holding no one responsible for the result I have concluded to place my resignation in the hands of the chief executive of Montana and I here submit a copy of a letter addressed to him under date of May 11, and which is now in his hands."

Mr. Clark said: "I shall ask the indulgence of the senate while I, as briefly as possible, submit some remarks, referring first to the character of the investigation; second, to the majority report of the honorable committee on privileges and elections which has submitted findings adverse to the retention of my seat in the senate; third, to the conditions existing in the state of Montana for a number of years prior to my election which justified my political action; and lastly, a statement as to the course I deem best to pursue in the premises." There is yet some doubt as to what will be done with the resolution of the committee on privileges and elections in the Clark case. This committee will hold a meeting to consider a form of procedure. Some of the senators think the senate should take action on the resolution but others say the resignation leaves the seat vacant and no action is necessary. It is said a peculiar condition exists in Montana. The Governor, an anti-Clark man, is in California and Lieutenant Governor Spriggs, a friend of Mr. Clark, is acting. It is said by some of the Montana men that Spriggs may make an appointment.

The Cuban Frauds.

Washington, May 15.—The Cuban postal frauds was practically the only subject of discussion at the cabinet meeting. No late news has been received which throws any additional light on the situation and it is not expected anything conclusive will be known until the experts now on their way to Havana, have concluded the investigation and made their report. The suspension of Postmaster Thompson was a great surprise to the president and to the members of the cabinet and none of them believe he is guilty of the least wrong doing. It is assumed that General Wood had come to the conclusion that until the matter of these frauds had been thoroughly investigated it would be best to temporarily suspend all of the officials who were in positions where they might have had knowledge, guilty or otherwise, of what was going on.

Probable Delegates.

Minneapolis, Minn., May 15.—Minnesota Republicans will meet here to name delegates-at-large to the Philadelphia convention and to nominate the candidates for electors. Senators Davis and Nelson will doubtless be named as two of the delegates-at-large, while Minneapolis will furnish a third in the person of Thomas Lowry, president of the Soo road. The fourth will come from southern Minnesota. State Senator Samuel Lord of Kasson is considered the most likely candidate.

Fight Between Women.

Scranton, Pa., May 15.—A quarrel between children at Dunmore was followed by Mrs. Mary Pace, mother of one of the children making a furious attack on Mrs. Sylvester Below, mother of the other child with a butcher knife. Mrs. Pace repeatedly slapped her with the weapon and inflicted a number of wounds. One of the wounds made a cut four inches long in the woman's breast and may result fatally. Mrs. Pace escaped but the police are after her.

MR NEELLY doesn't want to be taken back to Cuba to answer for his crimes. He is very anxious to keep away from Havana.

THAT mess in the postal affairs down in Cuba must be a nasty one. The Fourth Assistant Postmaster General has gone down to try to straighten out the affairs.

Boss HANNA causally remarked a few days ago that he has not yet determined who will make the race with McKinley, but he is certain it will not be Roosevelt.

TAYLOR has camped out at Indianapolis awaiting the decision of the Supreme Court. He doesn't seem at all anxious to get back on Kentucky soil, since that startling evidence given by his own Private Secretary and Assistant Secretary of State against the Goebel suspects.

THE Republican Assistant Secretary of State testified that pardons were issued by Taylor to men against whom no indictment had been reported and no warrant issued. Mr. Culton testified he never asked for a pardon. Who knows but that some of these many pardons were issued before the shot was fired that killed Goebel?

At the recent municipal election New Haven, Connecticut, for the first time in years was carried by the Democrats, by majorities ranging from 2,000 to 2,300. The election at St. Paul resulted in a Democratic deluge. From a Republican city, with a clean sweep two years ago, St. Paul enters the Democratic procession with a Democratic majority of 4,000.

THE Louisville Commercial speaking of ex-Governor Bradley's intention to locate in New York says: "He is giving up all that is best in life to enter the mad struggle for preferment that transforms New York into a battle field where no quarter is shown and where the weak go to the wall." Mr. Bradley ought to take warning from the Commercial's statement as to the fate of the "weak."

THE first sensible effort that has ever been made toward laying a street-crossing in Maysville is now in progress at Second and Market streets.—Public Ledger.

This is not very complimentary to one of the Ledger's good friends who in former years looked after the putting down of many crossings. Besides, there were many excellent, up-to-date, "sensible" brick crossings put down the last year or two. There are two or three on East Second and two on Forest avenue.

MR. MCKINLEY's "imperial" policy in Cuba has brought a big scandal to the Nation already, and such a staunch Republican journal as the New York Tribune intimates that the worst is not yet known. The Washington correspondent of the Tribune states that for the last three or four months Congress has been trying to obtain a full report of the receipts and disbursements of the public funds in Cuba, Porto Rico and the Philippines without success. Instead of a concise and detailed statement in reply to the repeated Senate resolutions the answer has always been of a general and unsatisfactory nature.

AS SUMMED up by the Democrats here are the objections to the ship subsidy bill Hanna and his gang are trying to push through Congress:

1. The objects professed in the title are entirely forgotten in the body of the bill.

2. It is reasonably certain that the most of the subsidy would go to lines already established and prosperous.

3. Under this bill the ordinary freight steamers, which carry 80 or 90 per cent. of our agricultural exports, will get but a fraction of the amount of subsidy which the passenger steamers would receive, although the latter carry less than 10 per cent. of our agricultural exports.

4. Under this bill a ship can run practically in ballast and draw subsidy. We believe that when freight is not promptly offered it will pay a certain class of ships to run empty rather than to wait for cargo.

5. This bill would tax all our citizens to provide extra profits for a favored few in this favored industry.

6. The professions of this bill are insincere and its principles are unsound. We believe that the best interests of this nation do not demand the passage of this or any similar bill.

NARROW ESCAPE.

Exciting Runaway on Short Street Last Evening—Buggy Wrecked But Nobody Hurt.

Mr. J. A. Raine, of Flemingsburg, a brother of Mrs. Judge Cole of this city, had a very exciting experience last evening on Short street.

He was coming in over Third street from the West End, and being unacquainted with that part of the city inquired of some one about the streets and how to reach Second. He was directed to turn down the next street he reached and did so.

This was Short street and the grade next to Third is so steep people rarely venture that way in vehicles.

It was so dark Mr. Raine didn't discover his danger until too late. Shortly after he turned into the street, his horse started to run down the steep grade and was soon beyond his control.

Mr. Raine jumped from the vehicle and escaped without serious injury. The runaway collided with the public pump just north of Second, and the buggy was badly wrecked.

The street at Second was crowded with children when the runaway started, and had it not been for the prompt warning given by Policeman Rosser some of them would probably have been seriously injured, if not killed.

Mr. Raine later procured another rig at Daulton's stable and continued his journey home.

HOWARD BLYTHE and "Speedie" Leonard, charged with robbing S. A. Shelton Sunday afternoon, were given a hearing in the Police Court Tuesday and held in sum of \$200 each. The evidence showed they got hold of Shelton on Front street. He was drunk and the trio next turned up on the grade where the accused were trying to assist him on the steamer New South. Policeman Wallace had spotted the party and while he was standing near Shelton accused Blythe of taking his money. Shelton claims some one got \$15 from him.

What About Your Linen Supply?

In making spring inventory of your household linens do you discover needs in certain lines? Table linen perhaps. New cloths and napkins are required maybe? Or towels? You cannot fail to supply your wants here, to your absolute satisfaction. This is a linen store of high standard. You're safe in all the purchases you make in it. Good linens and only good linens always. And prices invariably reasonable. We do not advertise an article for 50c, and say it's worth \$1. The discriminating public only laughs at such bombastic folly. If we cut the price on goods we tell you why and the privilege is yours to verify our statements. But when we advertise an article for half a dollar you can rely on getting to the full the fifty pennies value. We don't want your patronage for once, we want it always.

Enquirer: "Captain Jonathan Hamilton, whose last steamer was the Wild Gazelle, built at Gallipolis and sold at New Orleans, is now in the coal business in Maysville, cheerful and industrious as ever."

Cincinnati Post: "Rather than stand a cut in their wages of 33½ per cent almost the entire crew of the steamer Courier, of the Maysville-Cincinnati trade, has left the boat. She is owned by the White Collar Line. Only four of the old employees have remained. Most of the vacant positions have been filled."

The Speedwell will hereafter run as a tri-weekly packet between Portsmouth and Pomeroy, connecting with the Edgington boats at Portsmouth. She will leave Portsmouth every Monday, Wednesday and Friday under the management of Captain Gus Honshell. The White Collar Line has heretofore had no opposition in this trade.

Timely information given Mrs. George Long, of New Straitsville, Ohio, prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c. and \$1. Every bottle guaranteed. Trial bottles free at J.
